

19 January 2004

Santitham school is pleased to inform you that we would be interested in taking maximum of 2 volunteers to help and assist in teaching English for lower primary level and upper primary level, those who have talents in drama music, songs, games for team-buildings, setting up Exhibition-display, photographer, film maker, or publisher will be of our preference.

However those who are interested to offer their services at our school must be highly aware that the school is a social and economic development project under the Baha'i Foundation which means working on the school campus it is not a core activity nor direct teaching work of the Faith; but rather to give support or integrate.

We are now require all volunteers who wish to serve here in Yasothon area that they must have finished at least Ruhi course book 1, book 2 and most important book 3.

It would be very useful if they have some experience in visiting campaigns which shall be required after school working hours by the Local Spiritual Assembly and the Cluster coordinator or Auxiliary board members.

For those interested please kindly send us your photo and send us some of your personal data according to our requirements on the section of youth year of service of our school web site:
